To,  
The Secretary,  
Petroleum and Natural Gas Regulatory Board,  
1<sup>st</sup> Floor, World Trade Center, Babar Road,  
New Delhi – 110001

**Subject: Submission of details of dedicated pipeline for Lanco Kondapalli Power Private Limited under section 19 (2) of "Petroleum and Natural Gas Regulatory Board (Authorizing Entities to Lay, Build, Operate or Expand Natural Gas Pipelines) Regulations, 2008"**

Dear Sir,

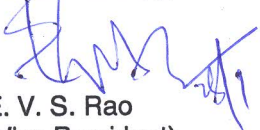

Lanco Kondapalli Power Private Limited (LKPPL), an independent Power Producer has a gas based power plant of 734 MW capacity, located at Kondapalli Industrial Development Area, District Krishna near Vijayawada in the state of Andhra Pradesh. LKPPL intends to expand the existing power plant for which the construction work has already been started as informed by LKPPL.

Based on LKPPL's request and on subsequent discussion, RGTIL intends to lay a dedicated pipeline from EWPL to the subject LKPPL plant.

The relevant details and documents pertaining to the dedicated pipeline are enclosed for your kind perusal please.

Thanking you,

Yours Faithfully,

E. V. S. Rao  
(Vice President)

Encl.

1. Annexure 1 – Details of Kondapalli Spur Pipeline - II in prescribed format
2. Annexure 2 – Copy of request letter from LKPPL
3. Annexure 3 – Kondapalli Spur Pipeline - II Project Report

Details of Kondapalli Spur Pipeline - II

S. No.	Particulars	Description
1	Name of the Entity	Reliance Gas Transportation Infrastructure Limited
2	Name of the Pipeline	Kondapalli Spur Pipeline - II
3	Date of commissioning	Refer Annexure 3
4	Section wise capacity of the pipeline (to be furnished for each section separately) (a) No. of sections (b) Name of the section with start & end point (c) Capacity (i) Volume terms (ii) Energy terms	(a) 1(One) (b) Starting Point (EWPL Tap-off Point ToP-2) & End Point (Kondapalli, Dist. Krishna) (c) (i) 5.5 MMSCMD (ii) 1,76,957 MMBtu/day
5	Number of AHAs	1 (One)
6	Number of entry points on the pipeline route	1 (One)
7	Location of entry points	EWPL Tap-off Point (ToP-2)
8	Number of exit points	1 (One)
9	Location of exit points	Kondapalli, Dist. Krishna
10	Entry point wise capacity (to be furnished for each section separately)	NA (only one entry point)
11	Technical parameters: a) inlet pressure at entry point b) calorific value band at entry point c) temperature	a) 60 – 98 Bar g b) Minimum 32174 Btu per standard cubic meter (Net Calorific Value) c) Min 0°C – Max 55°C
12	Integrated route map indicating name of districts through which it passes	Refer Annexure 3
13	Percentage of utilization of pipelines	100% (eventually)

It is certified that the above information / data is factually correct. I / we undertake to provide any further information / explanation requested for by the Board within such time as may be prescribed.

Subject: Dedicated line for Lanco Kondapalli Power Plant (LKPPL) from East-West Gas Pipeline in the existing RoU.

Dear Sir,

LANCO Kondapalli Power Pvt Ltd (LKPPL) had put up 368 MW Gas based combined cycle power plant at kondapalli Industrial Development Area, Krishna District near Vijayawada in the state of Andhra Pradesh which is in operation since January 2001.

Further, the company has executed 366 MW Gas Based power plant (Stage-II) for which Gas is being sourced from RIL KG D-6 Basin and being transported by RGTIL through dedicated pipeline, which has been constructed by RGTIL on depository basis.

Now LKPPL is in the process of adding two more modules of 371 MW at the same location under Stage-III Expansion project. The EPC Contract has been finalized and the main plant equipment foundations are completed. The Estimated Completion dates of Module#1 & Module#2 in open cycle are June 2011 and August 2011 respectively. The construction is going on in full swing.

The Company has got all the necessary Clearance/Approvals from Central Govt. & State Govt. Authorities/Departments for the expansion project.

A dedicated pipeline with carrying capacity of around 4.5 MMSCMD of Gas is required to meet the gas supply requirement of the project. In view of above, we request RGTIL to lay a suitable size dedicated pipeline in existing RoU which has been obtained by RGTIL under Stage-II works.

We therefore request you to kindly let us know the concerned person for further discussions with LKPPL and finalization of term Sheet for the dedicated pipeline. We will be pleased to provide any further information on the subject.

Thanking you,

Yours faithfully

For Lanco Kondapalli Power Private Limited
