Respected Madam,

This has reference to the public notice (ref: PNGRB/COM/1-CGD Tariff(1)/2015) soliciting views on the proposed draft PNGRB (Determination of Transportation Rate for CGD and Transportation Rate for CNG) Regulations, 2020. We support the proposed methodology (Cost of Service) for determination of the transportation rate for CGD and CNG. While the templates specify the requisite broad line-items and rate computation, we request the honorable Board to further clarify the reconciliation process as it should aim to minimise the time difference between the cost incurrence and the transportation rate revenue recovery.

We thank the Board for providing an opportunity to share our views, and we would like to participate in the stakeholder engagement session on 16th Oct'20.

Regards,
