Dear Sir,

Please find below my comments on the draft regulations:

- 1) Regulation 24 (2): Should the Chairperson only be from independent directors?
- 2) Regulation 35: Should a company be declared as a defaulter on the basis of arbitration award without giving him a chance of appealing before appellate authorities?
- 3) Regulation 37: Minimum levels of gas purchase and delivery should be included.
- 4) Kindly also include provisions relating to Force Majeure.

Regards,
Dimple Singh
