a)	Natural Gas Pipeline proposed	HPCL's Vizag Refinery is one of the major customers for this pipeline. HPCL has made significant investments to achieve clean energy targets at its Vizag Refinery. The refinery has been made Gas-ready and is currently awaiting connectivity to the gas grid through the pipeline. HPCL has got excellent track record in completing Cross country pipeline projects. HPCL is currently operating 3003 KM of POL & LPG Pipelines duly authorized by PNGRB. With the experience of over 38 years in laying and operating of cross country pipelines, HPCL is in a better position to complete this project expeditiously.
