PNGRB/Tech/10-CapPPPL-HPCL-Uran/(3)/2023 (E-4396)

02nd April 2024

To,

Shri Pushp Kumar Joshi

Chairman & Managing Director

Hindustan Petroleum Corporation Ltd (HPCL)

Petroleum House, 17, Jamshedji Tata Road,

Mumbai, Maharashtra 400020

Subject: Declaration of Capacity of Uran Chakan Shikrapur LPG Pipeline (UCSPL)

Sir,

PNGRB has reviewed the Capacity Determination Report submitted by HPCL for Uran Chakan Shikrapur LPG Pipeline (UCSPL) and in line with provisions of regulation 6 of the Petroleum and Natural Gas Regulatory Board (Determining Capacity of Petroleum, Petroleum Products and Natural Gas Pipeline) Regulation, 2010, the capacity of UCSPL is declared as following.

- a. The UCSPL Capacity for the period 1st April 2023 to 31st March 2024 is **1.16 MMTPA.**
- b. The UCSPL Capacity for the period 1st April 2024 to 31st March 2025 is **1.16 MMTPA.**

(Schedule-C for respective FY 2023-24 & FY 2024-25 enclosed)

2. The above capacity has been declared as a special case, considering operational constraints and pipeline operation for approx. 20 Hrs per day. However, this consideration will only be for FY 2023-24 & 2024-25 and in the meantime HPCL is advised to improve the operational efficiency to achieve the maximum achievable capacity with 24 hrs/day and again submit capacity of the pipeline for subsequent years i.e. from FY 2025-26 onwards in line with PNRB (Determining Capacity of Petroleum, Petroleum Products, and Natural Gas Pipeline) Regulations, 2010.

The above is for your kind information and necessary action.

Yours faithfully

Vandana Sharma
