**Subject:** FW: Public Consultation Document for Tariff Review for Change in Tax Rate

Respected Madam,

IOCL's observations are as under:

1. The implication of recent taxation proposal is under examination at our Corporate level with organisational point of view. Hence, our comments on the instant tariff review proposal shall be submitted for the consideration of PNGRB in due course upon review.
2. However, PNGRB is requested to confirm whether the proposed tariff review would be applicable from date of Tax rebate or from the prospective date of revised tariff order, if any.

Request for consideration please.

Regards,

*P. Sham Rao*
