Date: 19.10.2020

To
The Secretary
Petroleum and Natural Gas Regulatory Board (PNGRB)
New Delhi, 110001

27/10
ARCC) JACC) 26/10

Respected Sir/Madam,

It is to bring to your notice our concern on the current amendments in PNGRB rules for the tariff regulation for determination of unified tariff.

1. Our unit is involved in Manufacturing of Pharmaceuticals products, located at HVJ Integrated pipeline 4 (Zone-). The proposed unified tariff is resulting into - 22 % increases from existing tariff structure.
2. Our unit is located at A-1128, Phase-III, RIICO Industrial Area Bhiwadi, mainly involved in Manufacturing activities in which cost of natural gas constitutes 25% of total operating costs. As on date the notified tariff is constant for couple of years However, the proposed unified tariff will result into a 15 days changing tariff. This will affect our working capital planning and operation cost.
3. We are already struggling with the outcomes of CoVID pandemic with very thin margins. There is no certainty in the gas price and with the variable tariff structure; it is going to add further uncertainty which will impact us heavily.

We humbly request to give due consideration to our concerns as above.

Thanks & Regards

For Auronext Pharma Pvt Ltd.
