

Schedule B

[see regulations 4 (1) and 5 (6)]

Application form for submitting expression of interest by an entity desirous of laying, building, operating or expanding a CGD network

- A. Only an entity which complies with the minimum eligibility criteria as per regulation 5 (6) of the Petroleum and Natural Gas Regulatory Board (Authorizing Entities to Lay, Build, Operate or Expand City or Local Natural Gas Distribution Networks) Regulations, 2008 is eligible to submit its application for submission of expression of interest to the Board.
- B. Entities must enclose documentary proof in support of its meeting the minimum eligibility criteria.

Documentary proof in support of meeting the minimum eligibility criteria is enclosed as under;

Annexure I : List of Hydrocarbon pipelines being operated by Reliance Group as per Clause no. 5(6)(b)(ii) of the regulation.

Annexure II: Brief Resume of key team members as per Clause no. 5(6)(c)(iv) of the regulation .

Annexure III: Auditor's Certificate on RIL's net worth as on 31st March 2008 as per Clause no. 5(6)(e) of the regulation.

- C. The entity submitting the expression of interest must submit the following information:

1	General Details
A	Name of the Entity Reliance Gas Corporation Limited, a wholly owned subsidiary of Reliance Industries Limited.
B	Type of firm - Public Limited Company / Private Limited Company / Partnership firm / Proprietorship firm / Others (please specify) Public Limited Company
C	Date of incorporation and date of commencement of business

	Date of incorporation of business: May 22 nd , 2007
	Date of commencement of business: May 22 nd , 2007
D	Address of Registered office 3 rd Floor, Maker Chambers (IV) 222, Nariman Point Mumbai 400 021, India Tel.: +91 22 2278 5000 Fax: +91 22 2278 5111
2	Basic Data
A	1. Population and number of households under the proposed CGD network. The population of the geographical area stood at 1.01 million as per population census, 2001 with an estimated 0.19 million households
	2. Geographical area in square kilometers and segregated in different categories in terms of the provisions under regulation 2 (c) of the Petroleum and Natural Gas Regulatory Board (Authorizing Entities to Lay, Build, Operate or Expand City or Local Natural Gas Distribution Networks) Regulations, 2008. The area should also be depicted in a physical map. The proposed network shall cater to areas within Amritsar Municipal Corporation and surrounding contiguous areas. Proposed Geographical area is of approximately 224 sq. km. Map highlighting the proposed Geographical Area is enclosed.
	3. Economic activity in the proposed geographical area in terms of industrial and commercial activity (number of units and fuel mix) Amritsar is one of the biggest trading centres in northern India. Textile is the most important industry of the city. There are around 500 small and medium scale industries in and around Amritsar. The major fuels used in the industry are FO, LDO, Coal, Wood, and HSD. Due to the rapid urbanization and commercialization of the city a number of Hotels, Hospitals, hostels, bakeries, lodges, sweet shops, super markets, and cinema theatres have come up in the city. The total number of commercial establishments is around 3200 most of which use LPG for cooking and HSD for heating and cooling.

4. Vehicular population profile

The estimated vehicle population profile of Amritsar City is as under;

Bus: 5828
Three Wheelers: 15427
Four Wheelers: 63744

B Preliminary Assessment of the potential demand for natural gas in the proposed CGD network amongst various customer segments.

Estimated demand in CGD network is 0.14 MMSCMD which is projected to be 0.53 MMSCMD by year 2020. The segment wise estimated demand is as under;

Domestic: 0.01 MMSCMD
Commercial: 0.06 MMSCMD
CNG: 0.03 MMSCMD
Industrial: 0.04 MMSCMD

C Likely source of supply of natural gas and plans for access to the natural gas pipeline.

Gas Supply Sources:

RGCL shall secure Natural Gas from its parent company, Reliance Industries Limited, which has 35 exploration blocks awarded by Government of India under NELP and pre-NELP licensing round. RIL's efforts in exploring various upstream opportunities on the Eastern Coast as well as on other parts of India resulted in discovery of large gas potential.

RIL discovered gas in deepwater block KG D/6 offshore of Andhra Coast, which was reported to be largest global discovery of gas made in 2002. The development plan for 80 MMSCMD of gas with upside potential has already been approved and production is scheduled to commence from second half of financial year 2008-09.

In addition to above Reliance industries has recently met with success in Cauvery basin in Eastern Coast of India. This is the first time hydrocarbon discovery has been made in Cauvery deepwater basin. This will create additional source for supply of gas.

Company has also been awarded the rights for exploration & production of Coal Bed Methane (CBM). Thus, RIL has multiple sources available for the supply of gas to the said CGD project.

RGCL shall tie-up for supply/transmission of gas with sources within the stipulated time as prescribed in regulations notified by P&NGRB.

Access to Transmission Pipelines:

Reliance Gas Transportation and Infrastructure Ltd. a Reliance Group company is laying 48" 1400 Kms. East - West Pipeline which will connect Kakinada the landfall point of KG gas to Bharuch in Gujarat via Karnataka and Maharashtra. This pipeline shall act as backbone for supply of natural gas to various consumers along the route including the City Gas Distribution Projects. RIL has also tied up gas transmission arrangements with other gas transporter such as GAIL for transportation of gas. RIL proposes to feed the City Gas network for Amritsar by a combination of its own East West pipeline and GAIL operated HBJ pipeline.

Thus with established sources of gas and tie up with transmission system to transport gas from source to City Gate Station, RGCL shall be in position to meet the gas requirements for the distribution of natural gas within Amritsar Geographical Area.

D **Whether the States or the Union Territories, in whose jurisdiction the proposed CGD network is located, has enacted any legislation or taken any administrative action to promote the use of natural gas in the said city? If the reply to the question is yes, then, provide copy of the said enactment or administrative order**

To the best of our knowledge, Government of Punjab has not enacted any legislation for development of CGD network. However, P&NGRB may like to ascertain the position and to ensure State support for smooth implementation.

3	Application fee of Rs. 12,00,000/- paid vide demand draft/ pay order number <u>475903</u> and dated May 30 th , 2008 drawn on ICICI Bank Limited, Backbay Reclamation, Mumbai.
