Subject: Successful Conduct of National Training Programme and Request for Continued Collaboration

Respected Sir,

I am pleased to inform you that the **Two-Days National Training Programme on "Capacity Building in Safety, Emergency Response and Disaster Risk Management" for Executives of Oil and Gas Sector Industries** was successfully conducted at the Disaster Management Institute (DMI), Bhopal from **9-10 March 2026**. The programme was organized by DMI in collaboration with the Petroleum and Natural Gas Regulatory Board (PNGRB).

The programme witnessed enthusiastic participation from executives of various oil and gas sector industries. The sessions focused on strengthening institutional capacities in areas such as industrial safety, emergency preparedness, disaster risk reduction and application of latest technologies in effective response mechanisms for the oil and gas sector. The training programme was highly appreciated by the participants, who acknowledged the relevance, technical depth, and practical orientation of the sessions delivered during the programme.

I would like to express my sincere gratitude to PNGRB, particularly to the Technical Division, for their valuable initiative, guidance, and continuous support extended to DMI in organizing this important programme. The cooperation and active involvement of PNGRB officials significantly contributed to the successful conduct of the training and enriched the overall learning experience for the participants.

Encouraged by the positive response and the growing need for capacity building in safety and emergency management within the oil and gas sector, DMI would like to request continued collaboration with PNGRB for organizing a series of such training programmes in the future. These initiatives would further strengthen preparedness and risk management practices across the sector.

Please plan more trainings in association with DMI.
Director (Coordination).
22/3/26

In this regard, it is also requested that PNGRB may kindly advise on the suitable modus operandi for institutionalizing this collaboration, including possible thematic areas, scheduling, and participation mechanisms for future programmes.

DMI remains committed to supporting PNGRB in its efforts toward enhancing safety standards, regulatory compliance, and disaster preparedness within the oil and gas sector.

Once again, I convey my sincere thanks to PNGRB for its valuable support and look forward to strengthening this partnership in the coming years.

With regards,

Yours sincerely,
and utmost Regards

ABly ee
