PUBLIC NOTICE

Guidelines for Road Transportation of Hazardous Petroleum Products, LPG, Natural Gas etc.

In view of the recent road incident involving the transportation of LPG in Tank Truck resulting in several casualties and injuries, PNGRB has reviewed the relevant existing statutory Rules/Regulations, contractual obligations between the entity and transporter, existing practices, etc. As part of the ongoing efforts to improve safety in the road transportation of hazardous petroleum products, natural gas, etc., PNGRB has formulated guidelines for Road Transportation of Hazardous Petroleum Products, LPG, Natural Gas etc., with an aim to prevent road incidents and to improve overall safety in road transportation.

These guidelines (**attached as Annexure-1**) shall be adhered by all the entities engaged in the road transportation of petroleum products, LPG, Natural Gas etc. Also, Entities shall ensure compliance with all existing statutory Rules/Regulations as well as other contractual commitments related to the road transportation of petroleum products, natural gas etc.

All Entities involved in Road Transportation of Hazardous Petroleum Products, LPG, Natural Gas etc. are advised to submit point wise compliance report on implementation of aforementioned guidelines within a one-month period from the date of issue of this Notice.
